Title of paper	Health and Social Care in Wandsworth: population, institutions and issues
Agenda item no	10
Paper number	H prepared for the July meeting and unchanged
Context	This paper sketches out the landscape of health and social care (HSC) in Wandsworth: who the residents are and how they are not typical of the rest of London; the statutory health and social care bodies and their responsibilities; and the main issues around HSC in this Borough. It suggests some quick wins and groups to engage with.
Paper prepared by	WCA and MAC
Action required	For information and discussion and for agreement on any additional work areas
