

DO YOU HAVE AN OPINION?

If so the Healthcare Commission wants to hear from you. Would you be interested in providing feedback on the performance of your local trust and are you part of a group within Wandsworth?

We are looking for upto ten existing voluntary organisations or community groups that would like to contribute to the Healthcare Commissions annual health check and provide feedback on the performance of local trusts against the 24 core standards that are assessed nationwide.

For those who sign up support and guidance on the process will be provided and will include a briefing session with an assessor from the Health Commission.

If you are interested in taking part and would like more information please contact us at the contact details provided below.

We very much hope that you will be able to help increase the input of patient and public contributions to the annual health check for 2008/09.
