5 Where are the key user/patient groups and where are the gaps?

Agreed that MAC had mapped voluntary orgs but not necessarily user/patients orgs. Agreed that best approach was to network via LINK members who have local knowledge and this will assist us to Identify the gaps

6 Adult Services User Engagement Strategy

This will be circulated electronically.

Agreed that LINK will participate in consultation by undertaking our own discussions with range of service users and submitting as LINK response.

We will suggest that LINK should be part to other responses received by the Council and to discussions about developing the strategy in the light of the responses.

7 User Led Organisation/Centre for Independent Living

Wandsworth is taking forward idea of a User Led organisation
LINK has been asked to participate.

Discussed the importance of genuine user involvement in their own lives and care and in running their own resources must also be addressed.

8 AOB

Successful meeting with Dawn Warwick, Director of Adult Services and Alan Young Head of Quality Unit. They agreed:

- Need to deal with gap in relation to providing disability forum. Not appropriate to expect to use LINK resources
- Extension of consultation period for User Engagement Strategy. Now end of June

9 Date of Next Meeting

Tuesday 19th May at 2pm
