

Survey of Adult Community Nursing Services in Wandsworth

NHS Wandsworth is currently reviewing Adult Community Nursing Services, including District Nursing, Community Matrons and Specialist Nursing Services (Diabetes Nurses, Heart Failure Nurses, Leg Ulcer Nurses and Respiratory Nurses)

If you have received any of these services or are a carer of someone who has received these services, we would like to hear from you. Please take the time to complete this short questionnaire and return it to us (details below) to let us know what you think and to help us improve the service for you. The questionnaire is anonymous; however we would like to know your post code and GP Practice, so we can link your comments to the relevant team. Comments will not be sent to teams directly.

Your Postcode: _____

Name of your GP Practice: _____

1. Have you received services from the following; (please tick or circle)

Community Nursing (District Nursing) Yes No

Community Matrons Yes No

Community Specialist Nurses Yes No
(please state which.....)

Please comment on the service you received

2. What did you value most about these Services?

3. In what way could these services have been improved?

Many thanks for your time

Suzanne Lawler
Long Term Conditions Commissioning Manager

Please return survey by Friday 28th August to:
