

Diary 2010

VOICES

SHARING YOUR EXPERIENCE

**Are you about to receive your personal budget or are you a carer of somebody who's about to receive a personal budget?
Would you like to improve the future of Social Care?**

Wandsworth Council wants to hear about your experiences, thoughts and view about going through this process, to help us to learn during this time of change.

If you are interested in taking part and can commit the time to keep a personal diary of your experiences, in writing, video, or drawings please contact me or ask your social worker for more details.
